ITEM 1.01 Entry into a Material Definitive Agreement

Agreement with Hong Kong Airlines

In furtherance of a master agreement signed in June 2015 between Aircom Pacific, Inc., a California corporation (“**Aircom**”) and a wholly-owned subsidiary of Aercomm Inc. (the “**Company**”) and Hong Kong Airlines Limited, a company organized under the laws of Hong Kong (“**Hong Kong Airlines**”), on January 30, 2020, Aircom and Hong Kong Airlines entered into an agreement (the “**HKA Agreement**”) revising the master agreement, pursuant to which Aircom will provide to Hong Kong Airlines its Ka-band AERKOMM K++ IFEC system for installation on its fleet of 12 Airbus A320 and 5 Airbus A330-300 aircraft as well as the AERKOMM AirCinema system for the Airbus A320 aircraft.

The AERKOMM K++ IFEC system will provide passengers of Hong Kong Airlines with an “at home” network experience by giving free access to on-board WiFi internet connectivity to all passenger personal devices, including laptops, mobile phones and tablets. The AERKOMM AirCinema system will introduce free high speed internet access to the seat back screens of Hong Kong Airlines’ Airbus A320 aircraft, connected via the Ka-band AERKOMM K++ IFEC system.

The HKA Agreement contains the terms and conditions of the supply of the AERKOMM K++ IFEC system by Aircom to Hong Kong Airlines, including the specifications, services, support, ongoing maintenance, training, warranty and connectivity services. Details relating to, and terms of, the services to be provided via the AERKOMM K++ system are being actively discussed by Aircom and Hong Kong Airlines and will be set forth in one or more service level agreements to be entered into by the parties.

The foregoing summary of the HKA Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the HKA Agreement, as it may be redacted, which the Company intends to file with the Securities and Exchange Commission as an exhibit to its Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

ITEM 8.01. Other Events

On February 4, 2020, the Company issued a press release announcing the HKA Agreement. The press release is attached hereto as Exhibit 99.1 and is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities and Exchange Act of 1934, as amended (the “**Exchange Act**”), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, or the Exchange Act, except as expressly set forth by specific reference in any such filings.

ITEM 9.01 Financial Statement and Exhibits

(d) Exhibits

The following exhibits are filed herewith:

Exhibit No.	Description of Exhibit
99.1	Press Release of the Registrant dated February 4, 2020 relating to the agreement between Aircom Pacific, Inc. and Honk Kong Airlines

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: February 4, 2020

AERKOMM INC.

/s/ Jeffrey Wun

Name: Jeffrey Wun

Title: Chief Executive Officer

Aerkomm Inc. to Supply Hong Kong Airlines with In-Flight Connectivity

FREMONT, Calif., February 4, 2020 -- Aerkomm Inc. (“Aerkomm” or “the Company”) (Euronext Paris: AKOM; OTCQX: AKOM), a development stage service provider of In-Flight Entertainment and Connectivity solutions for the airline industry, today announced that its wholly owned subsidiary, Aircom Pacific, Inc. (“Aircom”) has signed an agreement with Hong Kong Airlines Ltd (“Hong Kong Airlines”) to provide Hong Kong Airlines with both its AirCinema and AERKOMM K++ In-Flight Entertainment and Connectivity (“IFEC”) solutions.

Under the terms of the agreement, Aircom shall provide to Hong Kong Airlines its Ka-band AERKOMM K++ IFEC system for installation on its fleet of 12 Airbus A320 and 5 Airbus A330-300 aircraft as well as the AERKOMM AirCinema system for the Airbus A320 aircraft.

The AERKOMM AirCinema system, which Aircom is designing and implementing specifically for Hong Kong Airlines, will introduce free high speed internet access to the seat back screens of Hong Kong Airlines’ Airbus A320 aircraft, connected via the Ka-band AERKOMM K++ IFEC system. Instead of the traditionally preloaded and fixed selection of in-flight entertainment, passengers will have access to high-speed internet streaming services for videos, music, live TV and social media. Aircom and Hong Kong Airlines will work closely together to develop the AERKOMM AirCinema system, thus making Hong Kong Airlines the launch customer for this innovative solution.

The AERKOMM K++ IFEC system will also provide passengers of Hong Kong Airlines with an “at home” network experience by giving free access to on-board WiFi internet connectivity to all passenger personal devices, including laptops, mobile phones and tablets. The AERKOMM K++ system will be ready future-proof and compatible with the next generation of satellite technologies. This system will also provide passengers of Hong Kong Airlines with access to e-commerce amenities such as In-Flight shopping and travel services. Details and terms about the services to be provided via the AERKOMM K++ system are being actively discussed by Aircom and Hong Kong Airlines and will be set forth in one or more service level agreements to be entered into by the parties.

Mr. Jeffrey Wun, CEO of Aerkomm, commented, “This agreement marks the next step in our partnership with Hong Kong Airlines, who will be the launch customer of our AERKOMM K++ IFEC system. In addition, this agreement, as the first application of our technology to a commercial passenger fleet, is a milestone in the commercialization of our AERKOMM K++ IFEC system. We look forward to furthering our partnership with Hong Kong Airlines to implement our industry-leading technology.”

About Aerkomm Inc.

Aerkomm Inc. (Euronext Paris: AKOM; OTCQX: AKOM), operating through its wholly owned subsidiary, Aircom Pacific, Inc., is a development stage service provider of in-flight entertainment and connectivity solutions for the airline industry. The Company strives to become a leading provider of a wide range of in-flight broadband entertainment and connectivity services, including Wi-Fi connectivity, cellular networks, movies, gaming, live television, and music. Aerkomm aims to reshape the market for in-flight entertainment and connectivity services by offering on-board connectivity to its airline partners and passengers for free, generating revenue through advertising and on-board transactions.
